Digital **4** Business

Evolving your digital future

Hello!

Applications are now open for the **Digital4Business Joint Professional Master's Programme in Advanced Digital Technologies for Business**— an EU co-funded, internationally accredited Master's designed specifically to meet the needs of European industry.

Delivered fully online by four leading universities — Linköping University, NOVA IMS, the National College of Ireland, and the University of Bologna — this flexible programme offers:

- ✓ Specialisations in Digital Transformation, Cybersecurity, AI, Blockchain, and more
- ✓ Full-time, part-time and accelerated study options
- ✓ Standalone micro-credentials and stackable modules

✓ Curriculum designed in close collaboration with industry leaders like Akkodis, DTSL, Skillnet Ireland and The Adecco Group

The Master's programme is designed to equip students with the essential skills and knowledge needed to thrive in today's dynamic digital business landscape. A strong focus on employability ensures that participants are not only academically prepared but also ready to meet the evolving demands of the professional world.
